ABOUT ME

Aspiring software developer with hands-on experience building web and mobile applications through academic and personal projects. Skilled in both interface design and development, with the ability to translate designs into functional, user-friendly applications. Seeking an OJT opportunity to contribute to collaborative projects, apply technical skills, and gain practical experience working with experienced developers.

EDUCATION

Holy Angel University
Bachelor of Science in Computer Science
2023 – Present

Holy Angel University
Senior High School
2021 – 2023

St. Joseph College – Olongapo Inc.
Junior High School
2017 – 2021

FIRST School of SBFZ
Elementary School
2011 – 2017

ACADEMIC HONORS

President's Lister
1st and 2nd Semesters
A.Y. 2025–2026

President's Lister
1st and 2nd Semesters
A.Y. 2024–2025

Dean's Lister
1st and 2nd Semesters
A.Y. 2023–2024

SKILLS

- Java, Python
- HTML, CSS, JavaScript, PHP
- SQL, Supabase
- Flutter, Dart
- Git, GitHub, Docker, AWS
- React, Node.js, Express.js
- Figma, Photoshop

PROJECTS

CapsiCAM — Chili Pepper Leaf Disease Classification Mobile Application

github.com/hrspnd/CapsiCAM

Group Thesis Project — Full-Stack Developer

Flutter, Dart, Python, TensorFlow Lite, Supabase

- Developed a mobile application that uses machine learning to classify chili pepper leaves as healthy or affected by bacterial leaf spot or Cercospora leaf spot.
- Integrated camera capture, image uploads, confidence scores, Grad-CAM heatmaps, and scan history to support disease identification.
- Implemented user authentication and cloud-based storage using Supabase.

StardewFest — Stardew Valley Festival Guide

github.com/hrspnd/StardewFest

HTML, CSS, JavaScript

- Developed a website that provides information about seasonal festivals and events in Stardew Valley, a farming simulation video game.
- Designed a responsive, game-themed interface with navigation for exploring information.
- Implemented interactive navigation elements using JavaScript to improve usability across different screen sizes.
